

Terms and Conditions for Usage of VulnScanAI

These Terms and Conditions ("Agreement") govern your access to and use of VulnScanAI, a vulnerability scanning and assessment platform provided by iSec Services Pvt Ltd ("iSec"). By accessing or using VulnScanAI, you agree to be bound by these terms.

2. User Responsibilities

- **Authorization Requirement:**

You must have explicit, documented authorization to scan any URL, domain, or IP address using VulnScanAI. Scanning systems, networks, or applications without proper authorization is strictly prohibited and may be unlawful¹².

- **Proof of Authorization:**

Upon request, you must provide evidence of your right to scan the specified targets. This may include written approval from the system owner or other legal documentation.

- **Compliance with Laws:**

You agree to comply with all applicable local, national, and international laws and regulations regarding vulnerability scanning, data privacy, and cybersecurity⁹¹².

- **Acceptable Use:**

You must not use VulnScanAI for any unlawful, malicious, or unauthorized activity, including but not limited to:

- Scanning third-party systems without consent
- Attempting to gain unauthorized access to systems
- Disrupting or interfering with services or networks⁹

- **Responsibility for Actions:**

You are solely responsible for all actions performed using your account and for any consequences arising from unauthorized or illegal scanning activities.

3. Account Management

- **User Accounts:**

You are responsible for maintaining the confidentiality of your login credentials and for all activities that occur under your account⁶.

- **Role Assignment:**

User roles and permissions may be assigned by administrators to control access and usage within VulnScanAI⁶.

4. Service Usage

- **Permitted Use:**

VulnScanAI is provided solely for lawful vulnerability assessment and security testing of systems you own or are explicitly authorized to test.

- **Prohibited Use:**

Any use of VulnScanAI that violates these terms, applicable laws, or the rights of third parties is strictly forbidden and may result in suspension or termination of access⁹¹².

5. Limitation of Liability

iSec Services Pvt Ltd disclaims all liability for any unauthorized or unlawful use of VulnScanAI by users. Users are solely responsible for ensuring they have adequate authorization to scan the specified targets. iSec will not be held responsible for any damages, legal claims, or penalties arising from misuse of the service.

6. Changes and Updates

iSec reserves the right to modify these Terms and Conditions at any time. Continued use of VulnScanAI after changes constitutes acceptance of the updated terms.

7. Contact Information

For any questions regarding these Terms and Conditions or to report unauthorized use, please contact iSec Services Pvt Ltd through the official website.

Note:

The golden rule of ethical hacking is to never scan or attack a system you do not have explicit permission to test. Unauthorized scanning can be considered a cybercrime in many jurisdictions¹².

This template should be reviewed and customized further by legal counsel to ensure compliance with all relevant laws and best practices.
